On his visit on 6-3-42 to the Plague Observation depot at Shiroor in Coondapoor Taluk referred to in the above G.Os. the District Health Officer, South Kanara, reports that plague has not subsided in Bhatkal and that rat-falls are continuing as usual. It has also been reported by him that according to the official figures there were 5 attacks and one death on 4-3-42 making a total of 44 attacks and 13 deaths since the outbreak of plague in January 1942 and that private information reveals that the prevalence of the disease and the rat-falls in Bhatkal are more severe than is mentioned in the official reports. He therefore urges the necessity of continuing the temporary staff till the end of April 1942. I accordingly request that the Government may be pleased to accord necessary sanction to retain the staff referred to in the G.Os. mentioned above till the end of April 1942.

For Collector.

19.3.42

R.No.12660-1-P.H., dated 24th. March 1942.

Forwarded and recommended.

2. The expenditure will be met from the budget allotment for 1942-43 under "39 C.Public Health - Expenses in connection with Epidemic Diseases - A - Bubonic Plague".

Director of Public Health, Madras.
